Note 2.30.1 Final data was not available with the Company regarding the business done through the E-Commerce business partner at the time of submitting the DP statement to the bank. The Revenue and trade receivables from the E-Commerce business and the stock supplied through them for the purpose of DP statement were calculated by the Company on the basis of data available at that time, however the final data received later on from the E-Commerce business partner on basis of which the books of accounts are reconciled and updated accordingly, because of which the actual figures as per books of accounts and as per the DP statements vary.

Note 2.30.2 During the year, new accounting software (SAP) has been adopted from April 1st, 2025, due to which several Re-Groupings & Changes in Trade Receivables & Stock had occurred, resulting in an incorrect DP Statement of Quarter-1 submitted to the bank. Further, while furnishing Revenue in DP Statement for Quarters 2 & 3, Branch Sales were mistakenly considered in the calculation, resulting in the Difference, which was further rectified.

Note 2.31 Previous Year's Figures have been regrouped/reclassified wherever necessary to correspond with the Current Year's Classification & Disclosures.
